-  All Products (except contractor programs)

FOR ANY SIZED BUSINESS

Contractor Programs

Exclusive Contractor Programs

Originally launched in 2005 with our Artisan Contractors Program, we have designed proprietary products exclusively to meet the needs of the contractors industry. Since then, we have launched products catering to small residential and commercial contractors as well as large national homebuilders.

Artisan Contractor Program

Our **online rating** program offers 125 classes for trade contractors with gross receipts less than \$2,000,000.

Small Contractor & Remodeler Program

Designed for Small Residential and Commercial Contractors, Home Builders and Remodelers. The program focuses on the smaller contractor with less than \$5,000,000 in receipts.

Preferred Plus Program

Tailored to satisfy the Insurance Requirements of the large National Home Builders as well as Commercial Contractors working for a General Contractor with similar requirements. The program offers broader coverage at higher minimum premiums.

The RSI Difference

Since 1986, we've been more than just your typical MGA - we're your dedicated partners in protection. Crafting personalized insurance programs tailored to your needs is our mission. For all of your Excess and Surplus needs, we've got you covered.

What truly sets us apart is the **#RSIdifference** – where our team seamlessly becomes yours. With over a century of collective insurance expertise and over 50+ carriers, our commitment to providing top-notch coverage and exceptional customer service truly sets us apart.

One of the most striking aspects of working with RSI International is their **unparalleled responsiveness**.

Their ability to provide timely quotes has not only **streamlined our operations** but has also enabled us to meet our clients' needs promptly.
